Dear Assistant Administrator Dunn,

Please see the attached letter being mailed to Administrator Wheeler today. Our producers need certainty as they look towards planting decisions for the 2021 crop year. Thanks in advance for your attention to this critical issue.

By the way, thanks again for being kind enough to speak to our group of farmers at the EPA headquarters in March of 2019. We continue to commend the agency's willingness to engage with farmers and seek solutions that benefit production agriculture while ensuring environmental stewardship.

Susan, please forgive the duplicate email, I entered the wrong email address for the Assistant Administrator. Thanks!

Take care,

Mitt Walker
